ABRÉVIATIONS UTILISÉES DANS CE BOOK

- ʃ Maque du début de mesure
- ʃ entre ces 2 barres de mesure il y a généralement un strum entier (sauf indication contraire) *Conseil : parcourez la partoch avant de jouer, ça vous évitera des surprises.*

STRUM généralement en 4 temps, voir dessin du strum indiqué. Dans l'exemple ci contre

on gratte les cordes en descendant sur les temps 1, 2, 4
on gratte les cordes en montant sur les temps 2, 3, 4
on pourrait le lire ainsi : ʃ 1 - 2 et - et 4 et ʃ 1 - 2 et - et 4 et
ou encore : ʃ B - B h - h B h ʃ B - B h - h B h

Quand il y a 1 accord par mesure ex : ʃ G ʃ (on joue l'accord sur le strum complet)

Quand il y a 2 accords par mesure ex : ʃ C - F ʃ (le C sera joué sur les temps 1, 2 ;

le F sera joué sur les temps 3, 4)

Ton. Originale → A
Tempo → 120

Tonalité originale du morceau en se basant sur le 1er accord

Dans lexemple cité su un morceau commence par un ʃ G, la chanson originale commence par un A (c'est à dire on joue un peu plus grave), s'il n'y a pas d'indication c'est que la tonalité est la même que l'original *Nota il y a 12 tonalités différentes donc 11 pas « à l'aise »*

Tempo : c'est le tempo généralement utilisé dans le morceau original, attention ceci est purement indicatif, car en fonction de votre interprétation vous pouvez jouer plus vite ou moins vite.
Généralement le tempo ne change pas au cours d'un morceau (c'est plus facile s'il y a un bassiste ou un percussionniste qui sont sensés garder le tempo).

1ère note du chant : Mi (indication de la première note du chant, hi hi hi il faut connaître les notes sur le manche), dans l'exemple la chanson commence sur un **Mi** (corde E à vide)

\ le slash inversé à ne pas confondre avec / le slash :

Le \ le slash inversé veut dire qu'on marque un break sur le 1er temps et on arrête la vibration des cordes, s'il y a plusieurs \ dans une mesure on doit marquer autant de temps que de \ par exemple ʃ C \ \ \ \ veut dire qu'on marque les 4 temps.

Si l'on veut laisser sonner les cordes on utilisera plutôt 3 points : ex ʃ C... (on égrène les cordes du haut vers le bas)

Le slash / veut dire en musique qu'on ajoute une note (en principe la basse à un accord) par exemple **F/c** veut dire qu'on ajoute la note **C (Do)** à l'accord **F** (noté 2013) souvent sur le net vous trouverez un slash pour séparer la mesure en 2... c'est pour cela que je ne l'utilise que très peu.

ʃ n.c. (à la place d'un accord) « no chords » cela veut dire qu'on ne joue pas, pendant la mesure entière.

ʃ Z chords cela veut dire qu'on va jouer le strum en mutant les cordes (les empêcher de vibrer en posant les doigts de la main gauche sur les cordes qui ne doivent pas vibrer).

0231(4 chiffres au dessus d'un accord) utilisé pour donner la position des doigts de la main gauche, surtout pour un accord difficile, dans l'exemple ça voudrait dire que l'on fait un **Gm** (les chiffres sont indiqués de la corde du haut vers la corde du bas **0** sur la corde **G** = corde à vide, **2** un doigt dans la 2e case de la corde **C**, **3** un doigt dans la 3e case de la corde **E** et enfin **1** un doigt dans la 1e case de la corde **A**.

Les paroles en Gras sont chantées en chœur pour aider le chanteur.

Pour ce book j'ai taché de ne pas faire de renvois (excepté pour les refrains) ainsi si vous imprimez les morceaux sur des feuilles A4 ce sera le format idéal pour chanter sur scène.

Quand il y a beaucoup de texte les couplets sont intercalés, si la ligne commence par le chiffre 1. ce sera le 1er couplet, par le chiffre 2 ce sera le 2e couplet, etc.

(Malgré toute l'attention que j'ai porté à la réalisation de ce book il peut y avoir quelques erreurs, oubli ou même erreurs d'orthographe ou typographiques, je vous prie d'être indulgent, moi au moins je partage ! car c'est l'esprit UKULÉLÉ, Les râleur sont priés de me montrer leur partage de partoch... LOL ;

D'autres clubs utilisent leurs books vous pouvez les utiliser également on les trouve en ligne, j'apprécie tout particulièrement ceux des RAOUL et ceux de MÉNILMONTANT, en France - SJUC et Jims-ukulélé pour l'anglais.)

Ce book est vendu **5€** qui correspond au prix de fabrication plus le prix d'un café. Quand j'en ai vendu une bonne cinquantaine je les met en diffusion libre en PDF ... (exemple mon book SWING)

Back to the seasons of my youth

I recall a box of rags that someone gave us

And how my momma put the rags to use

There were rags of many colors ; Every piece was small

And I didn't have a coat ; And it was way down in the fall

Momma sewed the rags together Sewin every piece with love

She made my coat of many colors That I was so proud of

As she sewed, she told a story from the bible, she had read

about a coat of many colors Joseph wore and then she said

Perhaps this coat will bring you Good luck and happiness
